

Road

TNL International make it a primary priority to utilise safe and well-established networks across Australia and New Zealand.

We serve a wide range of customers, operating across a diverse range of industries and offer both small freight consignments through to full truck load consignments.

In New Zealand, we operate one of the largest freight transportation companies, with nationwide reach and regional strength.

- Domestic and cross-border road freight services
- Linehaul services across our global network
- National road express services for parcels and satchels
- Dangerous goods transport
- Premium freight services across our global network
- Heavy haulage solutions including high payload tasks up to 360 tonne
- Oversized cargo
